GFWC Brown Deer Junior Woman's Club

The Brown Deer Junior Woman's Club is a volunteer organization that seeks to benefit our community through civic, cultural, educational, and social projects and activities.

Our rich history in the community includes the establishment of the Brown Deer Library and the initiation of recycling in the village. Every year since 1968, we have donated thousands of dollars to the Brown Deer Community.

About GFWC

The General Federation of Women's Clubs, one of the world's largest and oldest nonpartisan, nondenominational, women's volunteer service organizations, was founded in 1890 and chartered by the 56th United States Congress in 1901.

Headquartered in a National Historic Landmark building in Washington, D.C., GFWC has a long history of philanthropy, social and political advocacy, and community leadership.

More than 100,000 members in affiliated clubs in every state and more than a dozen countries work in their own communities to support the arts, preserve natural resources, advance education, promote healthy lifestyles, encourage civic involvement, and work toward world peace and understanding.

In 2016, GFWC clubwomen raised and donated over \$27 million on behalf of 86,225 projects and volunteered more than 4 million hours in the communities where they live and work.
